

INTERDISCIPLINARY PAIN ROUNDS

Date: Wednesday, May 31, 2017

Time: 4:30-6:00 pm

Location: SJHC - Thompson Amphitheatre - Rm. B2-075

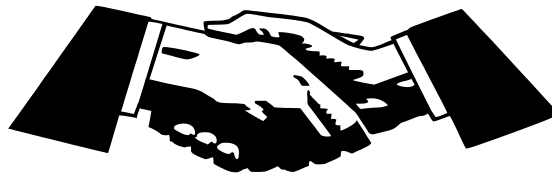

Speaker: Dr. Philip Peng, MBBS, FRCPC, Founder (Pain Medicine) Professor, Department of Anesthesiology and Pain Management, UHN and Mt. Sinai Hospital, University of Toronto.

Title: Higher Centers and Pain: From Basic Science to Clinical Application

Objectives: *1) To describe how pain experience is established in the high centers.*

2) To describe the mechanism and psychology construct of how the higher centers influences pain.

3) To understand how to translate this basic science to clinical perspective with a few examples.

Interdisciplinary Pain Rounds are a self-approved group learning activity (Section 1) as defined by the Maintenance of Certification program of the Royal College of Physicians and Surgeons of Canada.
