

Pain Management Program

Clinical Pain Rounds

(This rounds program is considered accredited for MOC Program Section 1: Accredited Group Learning credits)

Wednesday, October 3, 2018

0715 – 0830 hours

Room #B3-655, SJHC

Case 1: “Perils of Pernicious Patches.”

Presented by: Dr. Dwight Moulin

Objectives:

1. *To discuss the clinical pharmacology of transdermal fentanyl.*
2. *To explore the role of urine drug testing in screening for transdermal fentanyl compliance based on my own clinical experience.*
3. *To describe the impact of prescribed and illicit fentanyl on opioid-related deaths in Ontario.*

Case 2: “A Challenging Case of Chronic Refractory Low Back Pain”

Presented by: Dr. Rachel Reardon

Objectives:

4. *To review an approach in managing patients with chronic low back pain on longstanding high-dose opioids.*
5. *To discuss different practitioners’ experiences in use of non-opioid analgesics in chronic low back pain management.*
